

DOMAINE ANDERSON Estate Pinot Noir 2017

Domaine Anderson is nestled in the breathtaking, fog-cooled hillside and mountain terrain of Northern California's Anderson Valley. The cooling marine layer that is characteristic of this region provides ideal conditions for the cultivation of pinot noir and chardonnay grapes. The wines are crafted with precision and care to express the uniqueness of our Anderson Valley terroir.

The Estate Pinot Noir is made from grapes sourced exclusively from our Anderson Valley vineyards, giving the winemaking team complete control over farming practices and stewardship of the land.

"The presence of striking acidity within a depth of boysenberries and cola makes for one dynamic red. White pepper-sprinkled Luxardo cherries go earth-bound with mushrooms and dried leaves before the remarkably savory finish leaves a fine trace of plum skin on the palate." - Meredith May

"The 2017 Pinot Noir Estate is a barrel selection taken from all three estate vineyards, but built on a core from Dach, which resembles in its earthy, savory profile. Crushed flowers, mint, pine, iron, dried autumn leaves and mineral notes are laced throughout this finely-cut, slightly nervy Pinot. Sweet floral notes add the closing shades of nuance." - Antonio Galloni

Robert Parker
WINE ADVOCATE

"The pale ruby colored 2017 Pinot Noir offers scents of tar, blackberries and smoked cranberries with earthy undertones and a touch of dried orange peel. The palate is light-bodied with spice and earth-laced flavors, fresh, soft and nuanced with a long finish. 3,040 cases produced." - Erin Brooks
