## THE 2018 VINTAGE

By most accounts, 2018 was a special vintage in Anderson Valley.

A winemaker's dream: easy-paced, neither too hot nor cold, neither too dry nor wet. Blessed with near perfect conditions, we saw the cooling fog and wind from the Pacific gently stretch and elongate the growing season, producing balanced fruit set with moderate and healthy yields.

We took care to expand our dry-farmed sections in the organic Dach vineyard. Owing to the biodynamic practice we use for building soil health, the moisture retention ran deep and lasted effortlessly throughout harvest. The gentle pace of the vintage nurtured an ideal balance between sugar maturity, acidity and tannin development.

The resulting 2018 wines from Domaine Anderson are deliciously structured, fresh and elegant; poised to ride the edge between juicy and firm.
